

Complete Security System with 2 Dome Security Cameras & 250GB HDD

Multiplex function:	Hexaplex (Record / Playback / Live View / Backup / Control / Remote Access and Control All Simultaneously)
Storage:	HDD Bay + USB Port
Backup:	USB, TCP/IP download, or connect to a VCR
Video:	Input: 4 channel Output: D-sub VGA or BNC Main
Compression rate:	H.264
Recording/Search:	Motion Activated, Continuous, Schedule
Recording FPS:	NTSC - 60/720*480, 120/720*240, 240/360*240
Playback FPS:	NTSC - 30/720*480, 60/720*240, 120/360*240
Language:	English, Traditional Chinese, Simplified Chinese, German, Hungarian, Italian, Japanese, Portuguese, Russian, and Spanish
Live viewing screen:	1 - 4 screen (4X1 Full, multi-split), Freeze, Sequence 480 FPS live viewing
Alarm:	4 ch input, 2 output (NO/NC)
Motion detection:	Screen masking and sensitivity setting
Network:	Ethernet (TCP/IP), Remote Viewer software included
PTZ control:	RS-232, RS-485, Key control (Key assigned)
External Device Support:	USB port
Power requirement:	AC 120V (12V DC 3.5A 2.1 mm power supply included)
Weight:	22 Pound
Dimesion:	17"(W) x 16"(L) x 3.5"(H)

4-Channel DVR (QTY 1)

- **H.264 Compression:** Latest DVR compression technology for optimum storage and viewing.
- **Pre-Installed 250 GB Hard Drive:** Up to 2 weeks recording time when recording 24/7 (1TB, and 2TB Hard Drives available).
- **Multiple Viewing Options:** Monitor your security system via computer, TV; remotely over the internet, or iPhone, Android, or Blackberry smartphones.
- **USB Port:** Backup recorded video to external devices such as computer, DVD burner, hard drive, or flash drive.

Dome Security Cameras (QTY 2)

- **420 TVL Resolution**
- **3.6mm Fixed Lens**
- **50 ft. view range; 90° view angle**
- **1/3 SONY CCD image sensors**
- **Compact design for discreet appearance**

CCTV cables: 100 ft. Siamese cables carry power and video for each security camera. **(QTY 2)**

4-Channel Power Supply: 12 volt power supply for 4 cameras. **(QTY 1)**

RCA Cable: Direct connection from DVR to TV. **(QTY 1)**

Warranty Information

- 2 Year Warranty on all Components.
- Free Lifetime Technical Support.

FEATURES

- Max Resolution: 1920 x 1080 (better than industry standard 720p resolution)
- H.264 Hexaplex compression for highest quality internet streaming and storage (4x better than MEG4) for highest quality internet streaming and more storage (4x better than MPEG4)
- Optical Mouse and Remote control included
- 4 Audio Inputs
- Easy-to-Use and simple to install
- Remote view for iPhone and many other mobile phones
- USB drive backup and external devices
- VGA for an output to a computer monitor included
- Real-Time Live Viewing remotely via the internet
- Two way audio capabilities
- ClearPix Technology and real time 120 FPS recording for smooth, crisp playback
- Very reliable embedded Linux operating system
- Hexaplex (Recording, playback, and internet viewing simultaneously)
- iPhone/Blackberry/Android all supported via apps
- BNC / RCA / VGA output to any TV or computer monitor
- Motion Activated, Scheduled, or Continuous recording setting
- Supports PTZ cameras

\$669.00 add \$120.00 for a 19 inch monitor

Complete Indoor/Outdoor Surveillance System with 2 IR Security Cameras & 250GB HDD
